### **LEADERSHIP INSTITUTE**

Indus Trust have thrown their hat into the leadership-institute ring and opened Indus School of Leadership in Yellagiri Hills, Tamil Nadu, to meet all challenges of the 21st century through experiential learning, soft power and traditional values.

The biggest crisis the world faces is not gold or oil, it is lack of effective leadership, they believe: the Indus School of Leadership would prepare students to deal with an unknown future where schools and colleges could not. The institute offers courses for young, mid-level and senior managers, as well as for managers who wish to reflect and reinvent themselves.
